Submit the completed application to Student Affairs by April 15, 2009

Washington College

Office of Residential Life and Student Affairs

I, _____ have agreed to live in Queen Anne's House, which has been designated as a Substance Free Residence Hall for the 2009-2010 academic year. I understand that by signing this agreement I am accepting the responsibility to keep Queen Anne's House free of any and all tobacco products, alcoholic beverages, and illegal drugs. I understand that my responsibility to keep substances out of Queen Anne's House also encompasses those which may be in the possession of any family members or friends who may visit during the year.

Furthermore, I understand that if I violate this agreement I will be issued a citation for a "Violation of a Substance Free Policy" and fined to the maximum extent without any further explanation or justification. I understand that the presence of either alcoholic beverages, tobacco products, or illegal drugs is enough to warrant a citation and that the substance in question does not have to be consumed or opened but only within Queen Anne's House for a fine to be given. I understand that any violation of the Substance Free policy can result in a change of housing or cancellation of on-campus housing opportunities.

Signature: _____

These responsibilities are governed by Washington College's
HONOR CODE, which oversee both social and academic behavior.
